Degree Requirements

The degree of Doctor of Pharmacy is awarded to a pharmacy student by the University upon the recommendation of the faculty of the Ernest Mario School of Pharmacy. Recommendation is contingent upon the student's fulfillment of the following requirements:

1. completion of the six-year curriculum for the doctoral degree.
2. cumulative grade-point average must be greater than 2.5, and the cumulative professional grade-point average must be greater than 2.5.
3. professional grade-point average in the terminal year must be greater than 2.5

Proficiency in English

Students are expected to demonstrate the ability to speak and write effectively in the English language. Failure to write literate English on any written assignment may warrant a failing grade for that reason alone. Instructors report to the English department any failure to meet this standard. Students who continue to write unsatisfactorily even though they have passed 50:355:101 Expository Writing I may be required to repeat the course in addition to their regular program.
